- It was discussed whether to allow Venture Crew activities to count as Honor Patrol Points. The matter was set aside for the time being and is to be discussed at the next PLC.
- Patrol Shirts were decided to be legal class B as long as they have the cape logo on the front and an ADULT APPROVED design on the back.
- The camporee was discussed. It is to be noted that the Phoenix was disorganized and unclean, the Gnu Guys were fairly clean and used a duty roster, the Ninja Llamas were confused over when the campout was and did not have food; they ate with the Gnu Guys, and the Border Patrol only had one person attending who ate with the Phoenix.
- Position reports were turned into Pat M, substitute for Rohan.
- The Strawberry festival is coming up on June 4th. We need a scout-in-charge and to decide whether we are going to fix the soak-a-scout booth or not. Both of these things need to be done soon.
- A survey of what the troop was interested in doing was held. The results are shown below.
